

Private High School

Entrance Exam System of Private High School

Admission Method	Subject
General Entrance Exam	Mainly 3 subjects Japanese, Math, English
Recommendation-based admission – Single Application (For your First Choice High School)	If you pass, make promise to go to that high school. Consult with your junior high school teacher.
Recommendation-based admission - Dual Application (Can apply to different schools)	You can apply to more than one high school, and if your first choice is not accepted, you can also go to dual applied private high school.

Important!

★ Since the entrance examination schedule and recommendation criteria differ depending on the school, be sure to attend information session to confirm with the school.

★ Once you decide which school you want to attend, let's participate in information sessions and open classes many times.

★ This year's schedule is not yet set. Check the high school's website for more information!

The Costs of Private High School

When	Costs	Content
1 st year	1,000,000~ 2,000,000yen It varies from school to school. Check carefully through information sessions and on the website etc.	Fee for entrance, Practical study, Facilities, Parent associations, and School trip reserve funds, etc.
